

DIRK'S 1971 DS21 bvh.

We welcome Dirk and his DS 21bvh to our list of D Owners.

It is really pleasing to see the next generation developing an interest in and a fondness for the DS. I failed with my offspring!

I've attached some photos of my car, but I've just noticed that I don't have any decent shots at hand. In fact I've got very few photos given that I've owned the car since 2001. It is a 1971 DS 21, rego FW 9487. Was sold new by Adlams in New Plymouth (I think). To the best of my knowledge, the car was originally 'sable metallise' (AC318) but is currently green (a bit like british racing green). I've chosen 'beige tholonet' (AC085) for the respray.
